## Unique Cuts Atlanta Heading to the Cumming City Center

CUMMING, Ga. – A popular Atlanta area specialty barber shop will be joining the Cumming City Center family. Unique Cuts Atlanta, which currently has two locations in Buford and one in south Forsyth County, will be opening their fourth spot in an almost 4,000-square-foot space at the Cumming City Center.

Anderson Davila, Derek Davila, Michael Perez, Norberto Tascon, Steven Challenger, and the entire Unique Cuts family are ready to expand their business to the City Center. This fourth location will offer the same wide range of hair services found at the other Unique Cuts sites, including custom trims, artwork designs, beard trims, and straight razor shaves.

Unique Cuts Atlanta believes that a person's look must correlate with their image. From long, layered cuts to shorter, edgier cuts, the business' highly trained barbers bring Unique Cuts' clients a diverse expertise from around the globe, allowing them to provide every customer with their own unique and perfect look.

Derek Davila follows in his father Anderson Davila's footsteps to create an inviting atmosphere and top-notch customer experience for all their clients to enjoy. Michael Perez, Norberto Tascon and Steven Challenger are excited to continue the day-to-day operations of Unique Cuts Atlanta, providing high-quality haircuts and excellent service to a whole new customer base at the Cumming City Center.

The Unique Cuts Atlanta team is not only focused on providing the best men's haircuts, trims, shaves, beard care, and hair artwork designs in the metro Atlanta area, but they also believe in giving back to their neighbors.

"Unique Cuts Atlanta is quickly growing because of our commitment to support our community. We have committed to supporting our local schools, sports programs, and churches," said Steven Challenger. "This will be our second location in Forsyth County, and we feel so blessed. We are looking forward to serving the amazing City of Cumming community at the new Cumming City Center!"
