

Request for Proposal

City of Cumming Water Distribution & Collection Division is requesting proposals to secure an erosion issue at our facility located at 1835 Dahlonega Hwy, Cumming, GA 30040.

The issue at hand is a slope approximately 385 linear feet. It may need to be divided into two different sections, with different approaches, as the grade and change of elevation differs. One section is approximately 150' and the other is approximately 235'. Both sections will need to be stabilized to prevent future erosion in a manner that will protect the existing infrastructure, and direct the water to an existing storm drain.

Submittals should be proposed on Design/Build. Any interested parties will need to look at this issue prior to submitting a bid proposal to understand, and create a plan to resolve. Only licensed, insured and qualified parties with references need to submit.

A **pre-proposal tour** is scheduled for **(March 6, 2023 at 1:00 pm)** at **1835 Dahlonega Hwy, Cumming, GA 30040** to assess the project. Any questions regarding the project, please contact Tim Day, Superintendent at tday@cummingutilities.com or 770-781-2035.

Proposals are to be typed or submitted in ink and returned in a sealed container marked on the outside with **Distribution & Collection Erosion Project**, and City of Cumming, 100 Main Street, Cumming, GA 30040. Proposals will be received until **(March 24, 2023 at 10:00 am)** at Cumming City Hall second floor receptionist desk or by mail. Any proposal received after this date will not be accepted. Proposals are legal and binding upon submission. All proposals to be submitted in duplicate.

City of Cumming Department of Utilities reserves the right to waive irregularities and reject any or all proposals.
