

## Request for Proposal

City of Cumming Water Distribution & Collection Division is requesting proposals from qualified companies with references, to perform a **Leak Detection Survey** within our Water distribution system. Approximately one-third of our distribution system will be included in this survey. This area consists of approximately 140 miles of pipe. We will require all leaks to be identified, recorded and graded by intensity. All records and reports will be submitted to the City of Cumming, and become our property upon completion. GIS shape-file of area to be assessed will be provided. Survey crews will be required to report directly to City of Cumming with daily and weekly reports of progress.

Proposals are to be typed or submitted in ink and returned in a sealed container marked on the outside with **Distribution & Collection Leak Detection Survey**, to:  
City of Cumming  
100 Main Street  
Cumming, GA 30040

Proposals will be received until **Wednesday, March 13<sup>th</sup>, 2024 at 11:00 am** at Cumming City Hall second floor receptionist desk or by mail. All proposals are to be submitted in duplicate. Any proposal received after this date and time will not be accepted.

Any questions regarding the survey, please contact Tim Day, Superintendent at [tday@cummingutilities.com](mailto:tday@cummingutilities.com) or 770-781-2035. Proposals are legal and binding upon submission.
